09.03.2018

Dear *Chief Commissioner.*

In order to provide visibility of provisioned IT infrastructure and its usage, this office has developed a dashboard named "Saaransh" that provides summary information at Zonal and sub-zonal levels for information and necessary action. It provides summary information about the Infrastructure and Application. To begin with, this is being made online in respect of GST formations.

2. The portal can be accessed using a valid ICEGATE email id in the same manner as webmail. There is a 'Read Me' document which explains the data in each column. It is advisable to go through this section carefully before viewing the dashboard, for a better understanding of the data.
3. A detailed user manual, explaining the different features of the dashboard is available on the ANTARANG Intranet portal www.antarang.icegate.gov.in
4. It is important to note that the data in this dashboard has been collated from various sources, including the information sent to DG Systems from time to time by the concerned formations about the LAN equipment redistribution within a zone and transfer of spare equipment (Switches, UPS and AIOs etc). Thus the data is dynamic and the figures can change with addition, removal and transfer of equipment. Hence, any apparent anomalies of data may be due to these factors and should be brought to the notice of DG Systems by sending an email to cbec.lanwan@icegate.gov.in at the earliest.
5. I would request all of you to make active use of Chief Commissioner's Dashboard. I would also welcome suggestions on how this dashboard can be improved and made more user-friendly and effective.

With *warm wishes.*

Yours *Sincerely.*
S.K.Panda
